Yes! This is the Enlistment Station

All who want to enlist in the service of their country or of their family can find here the kind of footwear that will aid them in making their chosen service easy; therefore, successful.

We believe that an ill-fitting or ill-looking shoe causes ill feeling and discomfort, and the performance of duties distasteful.

We pride ourselves that no store gives better service to its patrons than ours. Our salespeople are chosen for particular service. They are experts in fitting, and they are informed as to correct styles. We give to our patrons the benefit of years of study and actual experience in fitting feet that require unusual shoes and scientific treatment.

O. K.'d by the Nation

Exact, appreciative, practical, hard-headed America—has, as one unit, O. K.'d the small, light, economical, \$615 Overland.

They like its style; its good-looking lines; that smart, individual air of exclusiveness. They like its power and pep. It shoots up a hill like a streak of greased lightning. It gives, but seldom gets, the dust.

Deep, soft, divan upholstery, large 4-inch tires and shock-absorbing cantilever springs take all the stiffness out and put all the comfort in.

This car comes complete. No expensive starter or speedometer or anything extra to buy.

Investigate this car right away. It is but \$615—complete.

Mrs. George Chapman and her brother, Sorden O'Brien, of Onaan, N. H., arrived in the city yesterday, having been summoned here by the death of their brother, William R. Others from out of town who were here for the funeral were: John O'Neil of Moretown, Miss Mary Sweeney of Middlesex and John Dalton of Moretown.

The advanced pupils of Mrs. Grace Cutler gave a recital at the home of Dr. and Mrs. L. D. Martin last evening. The parlors were filled with parents and friends of the young people. All the numbers were rendered with a skill which showed much careful training and practice and the affair was a credit to both teacher and pupils. Mrs. Cutler gave a vocal solo which was much enjoyed.

This morning at 7:30 o'clock the members of the sophomore class at Spaulding high school, accompanied by eight of the teaching staff, left the city for Woodbury pond, there to enjoy their annual class outing. Eight automobiles were required to transport the students to the picnic grounds. They will return to the city early this evening. Yesterday the Spaulding seniors, busy just now in qualifying for the final examinations in June, turned from their books for a day and enjoyed a pleasant outing at Berlin pond, the trip being made in a hayrack. Members of the faculty accompanied the class and the trip home was completed around 9:30 o'clock last evening.

With most of the young blood at Goddard giving its whole attention to the state interscholastic meet in Burlington, baseball has a monopoly on the interests of sport loving fans in Barre to-day. Spaulding high school's team, which has been hoing a hard row on the diamond this year, is to try conclusions with St. Johnsbury academy at the Gospel Village campus this afternoon at 3 o'clock. Coach Brown's underlings have shown marked improvement in practice this week and a close score is anticipated. At Berlin street, the Italian A. C. and St. Anselm's college of Manchester, N. H., recently defeated by Goddard, will come to grips.

The summer colony of Barre people at Woodbury lake gives promise of the most successful season in several years. Yesterday Constable George L. Morris closed a deal whereby he purchases from A. G. Nelson a building lot at the west end of the lake and intends to erect thereon an up-to-date cottage in the near future. Among the newer cottages is that of Will A. Whitcomb of Washington street, who recently returned to Barre after passing the winter in Florida. Mr. Whitcomb's cottage was completed late in the summer of 1915 and will be occupied by the family this season. A. G. Nelson of Barre, who has been instrumental in developing the Woodbury lake region as a camping resort and recreation ground, is building a cottage near the east end of the lake.

A finely executed floral design of Barre granite is exhibited in the south display window at the Union Dry Goods store.

Roses, geraniums and clematis are conspicuous in the clever design that is the creation of D. Boldini. The floral cluster is wrought out of dark Barre granite from the Boutwell, Milne & Varnum quarries, "The Rock of Ages," and responses on an inclined base of sturdy proportions. The base has been brought to a high state of polish. The work was executed for the Apollo Granite Co. at the company's plant in Burnham's meadow and is to be exhibited at the National Retail Monument Dealers' association convention in Cleveland, O., next August.
